

FINES COME WITH
PLEAS OF GUILTY

Quick Work Made of Number of Cases
Resulting From Recent Grand
Jury Investigation.

TWO DEFENDANTS ASK TRIALS

Heaviest Fines Assessed Against
Men Who Admit Operation of
Gambling Houses.

Several men from Seymour and Jackson county who were confident that they had been caught in the recent grand jury investigation following which eighty-seven indictments were returned, appeared in Brownstown late Tuesday and today permitted the warrants to be served. They immediately went before Judge James A. Cox in circuit court and either entered pleas of guilty or asked for trial. Only two of the number served with warrants late this afternoon had asked for trials.

The docket shows that the cases which have been filed were disposed of as follows:

John Cutshaw, of Crothersville, charged with visiting gaming house, operating gaming house and gaming. Fined \$50 and costs.

Virgil Steinkamp, of Seymour, three counts. Pleaded not guilty and asked for trial.

Edward Steinkamp, of Seymour, two counts. Pleaded not guilty and asked for trial.

Peter Julian, of Seymour, three counts, operating gaming house, visiting a gaming house and gaming. Fined total of \$70 and costs.

John Van De Walle, Seymour, two counts, operating gambling house and visiting gambling house. Fined \$60 and costs.

Henry Niehter, Seymour, two counts for operating gambling house, one or gambling. Fined \$110 and costs.

Dan Joyner, Seymour, visiting gaming house. Pleaded guilty. Fined \$10 and costs.

Frank Jones, Crothersville, gaming. Fined \$5 and costs.

Maurice Jones, Crothersville, gaming. Fined \$5 and costs.

Herman Chambers, Seymour, gaming. Fined \$5 and costs.

Claude Cornan, Crothersville, gaming. Fined \$5 and costs.

Steve Rider, Crothersville, gaming. Fined \$5 and costs.

Fred Nelson, Crothersville, gaming. Fined \$5 and costs.

John Thompson, Crothersville, gaming. Fined \$5 and costs.

It is understood that two Seymour men pleaded guilty under fictitious names in a justice of peace court at Crothersville as soon as they learned they were indicted.

It is expected that other warrants will be served at once and that quick disposition of the cases will be made.

BAPTISTS WILL HOLD
FIFTH SUNDAY MEETING

Hayden Church Will Entertain the

BOOKS DESTROYED
AT LAUREL SCHOOL

Thirteen Boys Who Are Called Before Mayor Burkart Held Responsible for Damages.

PUPILS SUFFER LOST OF \$13

Story of Whole Affair is Related by Lads Who Failed to Realize Seriousness of Prank.

Thirteen boys, whose ages range from ten to fourteen years, appeared before C. W. Burkart, city mayor, this afternoon, following an investigation by police of the damage done at the Laurel street school Tuesday night when the building was entered and some of the books in the Second grade scattered about the room. The damage at the school building was discovered this morning when the janitor entered the room preparatory to getting it in readiness for the day's classes. The matter was immediately reported to the police and J. T. Abel, chief, and Charles Wallace, policeman, started an investigation. During the course of the morning the names of several boys were secured and before noon sixteen had been summoned to appear before the Mayor at 2 o'clock. Three of the number convinced the Mayor that they had no part whatever in the affair and were dismissed.

Two rows of desks in the Second grade at the Laurel school were molested, the books thrown to the floor and some of them destroyed or damaged. Entrance to the building was gained through a coal chute. The boys denied they had smashed a window.

According to the admissions of the lads at the hearing this afternoon, the four boys who entered the Laurel street building were Kenneth McDonald, Thomas Bollinger, Durward Gardner and Leo More. Others, who remained outside the building gave their names as Dallas Thomas, Oran Williamson, Ellis Hooper, Donald Misamore, Edwin Hill, Earl Fleetwood and Earl Cox.

The Shields building was also entered during the night but no damage was done there. A few books were taken from the desks, it was reported. T. A. Mott, superintendent, was at work in his office about 10 o'clock when he heard a noise in the building. He inquired of the janitor who was working late if anyone else was in the building, but the janitor who was on the opposite side of the building said he had heard no noise.

It developed at the hearing that the boys who entered the Shields building by getting on a lower roof and raising a window were McDonald, Gardner, Misamore and Earl Kamman.

Mr. Mott attended the hearing and said that he had been informed by the teachers at the Laurel building that the damage amounted to about \$13 and that he would require that the pupils who lost the books in the "stack" be reimbursed for them. The boys were given until Saturday noon to collect the amount among themselves and turn it over to the school authorities who will distribute it to the pupils of the Second grade incurring the losses. Mr. Mott suggested that the parents of the boys implicated in the affair be called for a conference and accordingly another meeting will be held at the city building at 9 o'clock Monday morning. The boys involved have been suspended from school and whether or not they will be expelled will be determined later.

The swimming pool at Shields Park is being resurfaced with concrete and will be in readiness for bathers next Sunday.

SECOND CLASS PLAY
GIVEN BY SENIORS

Members of Cast Receive Deserved
Praise Following Presentation
of "Pair of Sixes."

AT THE MAJESTIC THEATER

Farce Comedy Affords Young Theatricalians Many Opportunities to Display Native Ability.

A farce comedy, "A Pair of Sixes," the second class play to be given by the Seniors of the Shields high school, was presented before a large audience at the Majestic Theater Tuesday night. The plot was of the character that gave the members of the cast many opportunities to display their ability in interpretation and the success of the production proves that each character was well played. The lines are filled with rich humor and the large audience was kept in an uproar.

The story is woven about George T. Nettleton and T. Boggs Johns, business partners of the Eureka Digestive Pill Company, as the leading characters. The partners had a difficult time in reaching agreements relative to the business and especially the credit for the large sales of the company. Each insisted that he was responsible for the success of the business and the rivalry grew into jealousy. Leo Spray took the part of Nettleton and Maurice Mackey was his business partner, known as Johns.

Thomas J. Vanderholt, attorney for the partners, played by Harry Gottberg, attempted to settle the differences but his efforts were unavailing. Finally it was agreed that the firm should be dissolved and the attorney was asked to draw up the necessary legal papers. In this matter as in others, the partners could not effect a compromise and in desperation, it was decided that the directing head of the business should be chosen by a hand of poker. In the agreement the one losing should become the butler for his partner for a period of one year. Vanderholt manipulated the cards and Johns becomes the butler for Mr. and Mrs. Nettleton. Nettleton holding the winning hand with a pair of sixes. Incidentally Vanderholt was a rival of Johns for the hand of Florence Cole, played by Dorothy Spangell. The work of Louise Carter as "Coddles, an English maid of all work," added much to the play.

The first act was laid in the New York office of the pill company and the second act shifts to the home

GROCERY ENTERED

Thief Escapes After Being Chased by Officer Wallace.

A grocery owned by David Thompson, Pine street, was entered about 10 o'clock last night but the thief escaped after he was chased several blocks by Charles Wallace, policeman. Wallace had gone home but while standing on his porch saw a man walking along the street in a manner that aroused his suspicions. Wallace covered his trail for a short distance and when half a block from the grocery saw the light of a match through a window. He started towards the store but before he reached it a man jumped from the rear door and went through an alley. Wallace continued the chase to Elm street and then to Eighth street where the thief disappeared. Wallace does not know that the man he was trailing was the one guilty of entering the store.

Decoration Committee of American Legion Anxious That All Stores be Decorated.

The floral parade to be held in connection with the Independence Day celebration to be held in this city on Monday, July 5, under the auspices of The American Legion, promises to be one of the big features of the day. The parade is scheduled to start at 10 o'clock Monday morning and besides decorated floats and automobiles will be composed of marching delegations representing different organizations in the city. Prizes of \$30 and \$20 will be given for the best decorated and most unique cars.

Walter Voss is chairman of the committee and the other members are Harry Hoover, Lynn Faulkner, Orvis Steinberger, Louis Cordes and George Lampus and they will have charge of the parade and decorations for the celebration. A number of automobile owners have already announced that they will enter the contest with decorated cars and the members of the committee say that the parade will be one of the most elaborate of its kind ever held in the state.

The decoration committee will call on the merchants in the city in a few days and request them to decorate their buildings for the celebration and to close their stores on

Subscription Prices

Beginning Monday, May 31, the subscription price of the Seymour daily papers delivered by carrier will be fifteen cents per week.

Both Seymour papers have tried for months to continue the old price of ten cents per week and have been able to do so only by using paper bought last year before prices made such tremendous advances.

The market price today for white paper is between three and four times what it was eight months ago and it is impossible to continue at the old price any longer.

There is no indication of any fall in paper prices, but rather of a further advance. Therefore, we are compelled to advance the price beginning next Monday to fifteen cents per week

INVESTIGATION OF
CARRANZA'S DEATH

Blame for Assassination of Former President Placed on Herrero by Commission.

MOTIVE TO BE DETERMINED

Band of Assailants Secured Confidence of the Fugitive and His Party and Then Betrayed Him.

By United Press.
Mexico City, May 26—Blame for the assassination of Former President Carranza was definitely placed upon Adolfo Herrero and his followers in the reports made by the commission sent by General Obregon to investigate Carranza's death.

The commission is making its report urged that a formal hearing be held, declaring such necessary action to establish Herrero's motives and the responsibility of the individual members of his band as well as to determine the conduct of Carranza's cabinet members, his friends and defenders who accompanied him in his flight.

Herrero carefully planned his coup by gaining Carranza's confidence, which he then betrayed, the commission declared. The report returned by two men appointed from the staff of General Obregon and two representing General Gonzales said Herrero's men attacked the former president's hut from all sides.

The commission was unable to explain how other occupants of the party escaped injury.

The report cited the conclusions of the commission in ten sections.

A second part was added in which General Juan Barragan, Carranza's chief of staff and other Carranza officers were charged with displaying bitterness toward the new regime.

Colonel Jupiter Hamirez, who supported Barragan, was quoted as saying that although Herrero organized the plot to assassinate Carranza Colonel Marquez Ceron led the attack.

According to the report of the commission Herrero joined the Carranza party May 20 in Puebla, after a conference with General Mariel in which he promised undying loyalty. Mariel, who stood high in Carranza's esteem, assured the president that Herrero was trustworthy, and then left Carranza's camp.

Carranza and his followers reached Tlaxcala Antozgo on Thursday night. Herrero directed the placing of guards and sentinels, all of which were his men. The soldiers entered Carranza's quarters at 3 a. m. Friday, informed him that the situation was unchanged and all was well, whereupon the president thanked them and said he would retire.

The report said that at 3:30 a. m. between twenty and twenty-five soldiers attacked the hut. The first shots wounded the president who told his room mates he was unable to arise, because his leg had been fractured. He asked for his rifle so he could defend himself. These were his last words for a second volley caused his death, immediately.

Everyone else fled from the hut. The confusion was indescribable. Herrero appeared leading his men and made prisoner about sixty Carranzaists whom he released about twelve miles away, forcing them to sign statements that Carranza committed suicide.

HOLDS LEVER ACT
UNCONSTITUTIONAL

Judge A. B. Anderson Sustains Motion to Quash Counts 13 and 18 of Miners' Indictments.

FIVE COUNTS HELD GOOD

Charles E. Hughes in Demurrer Contends Section 9 is Too General.

Indianapolis, May 26—Declaring sections 4 and 26 of the Lever law unconstitutional Federal Judge A. B. Anderson today sustained a motion to quash 13 of the 18 counts on the indictments charging 125 coal miners and operators with violation of this law.

The court upheld the constitutionality of section 9 of the law, however, and overruled a motion to quash the five counts returned under it.

Charles Evans Hughes acting for the miners filed a demurrer to the five counts upheld by Judge Anderson. He based his demurrer on the ground that Section 9 on which the counts were drawn was "too general" and not sufficiently specific as a statute on which to base an indictment. The court today took the demurrer under advisement.

Section 9 deals with a conspiracy to limit production of the necessities.

Section 4 held unconstitutional by Judge Anderson prohibits the charging of unjust or excessive rates and prices. This section was added to the law last summer in an amendment framed by Attorney General Palmer.

Section 26 prohibits combinations formed to limit supplies and necessities of life. Farmers, however, and farm cooperative societies are excepted from the action of this section.

Prosecution of the defendant will be resumed under the counts charging conspiracy to limit production of coal.

The court's opinion was that Sections 4 and 26 were "repugnant to the 'due process' clause of the fifth amendment," to the constitution. It held, however, that Section 9 did not contain any other words discriminatory, unfair, wasteful, unjust, unreasonable and therefore was not void.

Section 4 was held insufficient because there was no penalty provided specifically for it. The penalty under Section 9 is not more than \$10,000 fine and not more than 2 years imprisonment or both. Section 26 applies to certain clauses the court held and is therefore class legislation. The motion to quash was held by Charles Evans Hughes as chief counsel for the miners from Indianapolis at Pennsylvania, who were named in the indictment. The defendant miners from Illinois, and Ohio did not appear in court pending the outcome of the motion and the operators from Illinois, Ohio and Pennsylvania are contemplating removal proceedings.

EIGHT BATTALIONS SENT
BY BRITISH TO IRELAND

Railroad Workers in Ireland Agree to End Strike But Refuse to Return to Their Posts.

By United Press.
London, May 26—Eight battalions today were being held in reserve in anticipation of the need of reinforcements for troops already in Ireland.

Although the strike of Irish railroad workers was settled yesterday, and an agreement reached with the railway men's union with regard to the handling of munitions, the men have declined to return to work immediately.

A special meeting of the executive committee of the railroad workers has been called for tomorrow to prepare definite instructions regarding the handling of munitions. Fresh attacks were made yesterday against government buildings and in many parts of Ireland where it is reported, several were destroyed by fire.

ARMENIAN MANDATE.

The suggestion of President Wilson that the United States accept a mandate over Armenia has resulted in a general protest. It is to be hoped that the congress will reject the proposal. This country has no place in European politics. We have no business meddling in the affairs of the Old World. The United States has already assisted the starving people of Armenia and will continue to do so. This country has a duty to those people but our duty ends with just the kind of assistance we are giving. There is no reason why we should become involved in their political affairs.

Of all the mandates that have been created since the close of the World War the one over Armenia is the least inviting. None of the European countries would have it and it is then benevolently offered to America.

The United States from its very beginning has kept out of European politics. We have assumed our responsibilities on the Western Hemisphere.

THE WHOLE WORLD knows and reveres the name of the master inventor. History will honor him for his colossal achievements in the field of electricity. No less in importance, however, is his contribution to the realm of music by which he has made all mankind happier. Just as he saw the vision of a sunlit night, so did he conceive the idea of music recreated. Just as he strove to evolve from the faint, flickering candle the radiant brilliance of the incandescent lamp, so did he strive to develop the mere mechanical approximation of tone into the very re-creation of the living music. where, and our policy has proved sound. If the United States should accept the Armenian mandate the way would be opened for England, France or some other foreign power to attempt to control affairs on this side of the world. We would certainly resent such a move. President Wilson's request would likely result in entangling European alliances which is the very thing that this nation must avoid.

During the war and immediately following its conclusion there were indications that the European diplomats were striving to embroil the United States into European politics. Such moves were promptly checkmated and the American policy of independence was preserved. The Armenian offer is but another attempt to entice the United States into a field of international politics where it has no place.

The opposition that has already developed to the President's message to congress indicates that congress will not approve the request. But there is no reason why there should be any long drawn out debate over the matter. This is a good time to announce to the world again that this nation will not become entangled in the political web of Europe. That announcement should be made quickly for the sake of emphasis.

THE MOTOR CLUB.

Occasionally the public hears of an organization that is more useful to outsiders than it is to the community in which it is located. Such an association is the Jackson County Motor Club. Although it was formed for the benefit of local motorists, tourists are quicker to accept its advantages. The club could be of great benefit to local motorists if they would become familiar with its objects and purposes.

Every day parties of tourists stop at the local headquarters and inquire about road conditions in this immediate vicinity. The information that is imparted is valuable as it saves the strangers time and trouble. They are informed how they can avoid stretches of highways which are in bad condition or are being repaired.

The inquirers are always glad to furnish such data as they may have relative to condition of roads over which they have just traveled. The Motor Club headquarters, therefore, becomes an exchange for road information. The facts furnished by the travelers are authentic as they exhibit care in describing highway conditions for they know that someone else will profit just as they are benefited by information given by fellow travelers. The Club has never done a greater service to tourists than at the present time. Its work means much to the good name of the city. Seymour is remembered as the city with the accommodating and hospitable Motor Club. From the advertising standpoint the Club is performing a service that cannot be reduced into cold figures.

Resolution.

Notice of Improvement Resolution: Be it resolved by the common council of the city of Seymour, Indiana, that it is necessary to improve all of that part of Oak street in the city of Seymour, the full width thereof, from the East property line of Walnut street to the West property line of Chestnut street in said city, by grading and paving with concrete, brick or wooden blocks, in accordance with the profile drawings, plans and specifications on file in the office of the City Civil Engineer of said city of Seymour and by placing the necessary marginal stone curbing thereon, and such improvement is now ordered. The cost of said improvement shall be assessed upon the real estate abutting on said street to be improved, all according to the method and manner provided for in an act of the General Assembly of the state of Indiana, entitled "An Act concerning Municipal Corporations" approved March 6th, 1905 and in accordance with and pursuant to the provisions of all Amendment and Supplemental Acts thereto, passed by the General Assembly of the State of Indiana. Assessments

against property, if deferred are to be paid in ten annual installments with interest at the rate of six per cent. per annum. A bond or bonds shall be issued in payment of each assessment as the several owners of the real estate upon which they are a lien shall exercise the right to pay the same in ten annual installments. Under no circumstances shall the city of Seymour be or be held responsible for any sum or sums due from the said property owner or owners for said work or for the collection of the same or for the payment of any bond or bonds, certificate or certificates, issued to said contractor or to any other person, for such improvement, except for such monies as shall be received by the city from the assessment for such improvement. All proceedings had and work done in the making of said improvement, assessment of property, collection of assessments and issuance of bonds thereof shall be as provided for in said above entitled Act and amendments thereto.

And be it further resolved, that the City Civil Engineer is directed to prepare plans and specifications for improving such part of Oak street with concrete, brick, or wooden

blocks and the necessary marginal stone curbing and keep said plans and specifications on file in his office and be it further resolved, that the City Clerk be and he is instructed to give notice by publication, which notice shall be published once each week for two weeks and shall call attention to the passage of this resolution and shall set a day not less than ten days from the date of the last publication when this council will hear all persons interested or whose property is liable to be assessed for said improvement and will hear and consider all remonstrances against the same, if any, and will decide whether the benefits to the property liable to be assessed for such improvement will equal the estimated cost thereof and the City Clerk is further directed to mail a like notice to each property owner affected by the proposed improvement.

Passed by the Common Council May 5th, 1920.

BRYAN OPPOSES PROPOSED U. S. MANDATE OVER ARMENIA

Says It Would Involve Us in European Politics and Result in Huge Expense.

By United Press.

Washington, May 26.—William Jennings Bryan today placed himself in direct opposition to President Wilson's foreign policy when he declared against this country accepting a mandate for Armenia.

"Any mandate is impossible," Bryan said in an interview. "The one proposed for Armenia, if accepted, would involve us into an enormous expenditure in a time when the war tax is still so grievous a burden that congress has difficulty in finding money necessary to do justice to the man in the world war. It would involve us in the politics of Europe and compel us to deal in implacable race hatred. It would involve us in the fierce commercial rivalry of the big nations. But worst of all it would compel us to surrender a vital principle of democracy, namely that all people of capable of self government.

Bryan advocating sending to Armenia a United States minister who would advise the new nation.

Catarrhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy. HALL'S CATARRH MEDICINE acts through the Blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE. All Druggists 75c. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

ABSOLUTELY ALL TASTE IS TAKEN FROM CASTOR OIL

Wonderful New Process Removes Old Reliable Family Remedy of Disagreeable Taste.

The chemists of Spencer Kellogg & Sons, Inc., one of the largest manufacturers of castor oil in the world, have perfected a remarkable process by which the taste is absolutely removed from castor oil. In the opinion of physicians and druggists who are already familiar with Kellogg's Tasteless Castor Oil, this remarkable improvement is a real blessing. It's the same old-fashioned castor oil that every physician prescribes. It has the same soothing and healing qualities that have made castor oil a household remedy. But that nauseating taste has been absolutely eliminated. Today you can take Kellogg's Tasteless Castor Oil easily, for it is really tasteless. Children take it without coaxing or bribing. Do not accept substitutes, if you want a really tasteless castor oil. Two sizes, 35c and 65c. At all druggists. (Advt.)

FLORAL PARADE TO BE A BIG FEATURE

(Continued from first page)

Monday, July 5th. It has been a custom in Seymour for several years to suspend business on Independence Day and it is likely that business will be at a standstill following the big floral parade. The main celebration will be held at Shields park.

Several high class attractions which have been booked for free performances at Shields park will be announced in a few days. Contracts with four acts have already been signed to be given twice daily and it is possible that other attractions will be secured.

The regular weekly meeting of The American Legion committee was held Tuesday night. All of the chairmen reported their respective committees to be progressing nicely. The publicity committee is advertising the celebration in all of the adjoining counties.

As yet, no Independence Day celebrations have been announced within a radius of twenty miles of Seymour and inasmuch as this city is going to much expense for the celebration it is likely that it will be the only one in this county. It is expected that the crowd will reach 25,000 if the weather is favorable and arrangements are being made to take care of that many people.

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread...\$23.50
30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread...\$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water-proof bag...\$4.50

Welcome Relief From the Tortures of Rheumatism

Can Come Only From the Proper Treatment.

Many forms of rheumatism are caused by millions of tiny germs that infect the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

The most satisfactory remedy for rheumatism is S. S. S. be-

cause it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of impurities, and acts as an antidote to the germ of rheumatism.

S. S. S. is sold by druggists everywhere. For valuable literature and advice address Chief Medical Adviser, 107 Swift Laboratory, Atlanta, Ga.

SOCIAL EVENTS

BIRTHDAY SURPRISE.

Mrs. Wm. J. Abraham was surprised Tuesday evening at her home on East Fourth street, by about seventy-five of her neighbors and friends. The occasion was her thirty-ninth birthday anniversary. Mrs. Abraham was taken for an automobile drive early in the evening and upon her return home she found the guests assembled on the lawn, singing "Blest Be the Tie That Binds."

The lawn was lighted with electric lights. Flowers were used as the decorations in the house and the color scheme of pink and white was carried out in the decorations and refreshments. Music, singing and games were enjoyed throughout the evening, and ice cream and cake were served. Mrs. Abraham was presented with a dozen cut glass sherbet glasses.

The guests included Mr. and Mrs. Alex Love, Mrs. M. F. Gerrish, Mrs. Fred Eudaly, Mrs. Grace Sutherland, Mr. and Mrs. Ed Abraham and daughter, Erna, Mr. and Mrs. Marion Disney and children, Mr. and Mrs. Lon Browning and children, Mrs. John Gould, Mrs. Sherman Lee and children, Gladys and Una, Mrs. John Lee and son, John, Mrs. Wagner, Mr. and Mrs. Harry Purkhiser and children, Mr. and Mrs. Joe Hulse and son, James, Mr. and Mrs. Logan Largent and children, Mrs. Charles Tidd and children, Mr. and Mrs. John Hoffmeyer and daughter, Margaret, Mrs. Charles Hatfield and children, Mrs. Will Humphrey and children, Mrs. George Vanhoy, Misses Helen and Marie Gerkin, Mrs. Willis Whitson, Mr. and Mrs. A. T. Dishinger, Mr. and Mrs. James Snow, Mr. and Mrs. Robert Meyer, William and Charles Lee, Mr. and Mrs. Abraham and children.

ENTERTAINED.

The home of Mr. and Mrs. Wm. Bishop on Second street was the scene of a delightful reunion Sunday, the occasion being the 54th birthday anniversary of Mr. Bishop.

At noon a two course chicken dinner was served and the afternoon was spent sociably.

Those present were Mr. and Mrs. Dan Bishop and children, of Seymour; Mrs. Amelia Kincaid and son of Seymour; Mr. and Mrs. Everett Gorbet and daughter, of Freetown; Mrs. Sallie Roe and son of Indianapolis; Mr. and Mrs. Count Newson and daughter, Countess, of Indianapolis; Mr. and Mrs. Ouis Steinberger and daughter, Mr. and Mrs. Floyd McKinney, Mr. and Mrs. Harley McKay and son and Helen, Bob and Clyde Bishop of Columbus.—Columbus Republican.

IN HONOR OF SISTER.

The home of Mr. and Mrs. S. S. Shinness, Calvin Boulevard, was the scene of a prettily appointed party Tuesday evening when they entertained in honor of Mrs. Shinness' sister, Mrs. R. T. German, of Louisville, who is visiting here.

During the evening, four tables of buncie were in play. A luncheon was served.

The decorations were bouquets of cut flowers. Those who attended were Mr. and Mrs. Lester McKinney, Mr. and Mrs. Ben McCann, Mr. and Mrs. Albert McGinnis, Mrs. Charles Dixon, Mrs. R. T. German, Mrs. Carroll Bush, Mrs. Stella Allen and Perry Collins.

S. S. H. & K. CLUB.

Misses Margaret and Myrtle Hirtzel were hostesses Tuesday evening to the members of the S. S. H. & K. Club.

Mrs. Jay C. Smith and daughter, Miss Edna Smith were at Franklin Tuesday evening attending the rendition of "The Rose Maiden." The program was given by the Franklin College Choral Society of which Prof. C. W. Johnston is the conductor. A quartet of Chicago singers assisted in several of the special numbers. Miss Inez Owen, of the College, who has visited in Seymour was the accompanist.

Announcements have been received of the birth of a son, Wilbur, J. to Mr. and Mrs. James Straney, Louisville, May 25. Mrs. Straney before her marriage was Miss Minnie Dreher.

THE BEST ON EARTH

Says Mrs. Staples of Lydia E. Pinkham's Vegetable Compound.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months, caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am

seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same troubles as I had. Your remedy is the best on earth. I cannot find words to express my gratitude to it."—MRS. SUSAN C. STAPLES, 157 B School St., Taunton, Mass.

The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness.

It has relieved women from some of the worst forms of female ills, such as displacements, inflammation, and ulceration. Why don't you try it?

GOODRICH DEFENDS TAX LAW IN STATEMENT

Declares Democratic State Convention Repudiated Ralston's Tax Suggestion.

By United Press.

Indianapolis, May 26—Declaring that the democratic state convention repudiated the governorship records of Thomas R. Marshall and Samuel M. Ralston in adopting its platform plank regarding taxation, Governor Goodrich made public a statement today saving the present tax law embodies features, the Democrats had repeatedly promised but failed to enact.

The governor characterized the arbitrary power of the tax board over bond issues and tax levies as only "a temporary power vested in the tax board only until the total property valuation in the state was ascertained."

"The democratic convention has copied the republican plank upon this question," Governor Goodrich asserted.

Regarding the democratic plank assailing the tax board for exercising these powers, Governor Goodrich said that the state body was authorized to do this even under the 1891 law which was enacted by a democratic legislature and that the board had been ordered to make horizontal increases by the democratic governors.

Where Gasoline Prices Stand

OIL products have advanced in price more slowly than any other products. The U. S. Department of Labor, in a comparative statement of price advances between January 1913, and December 1919, says:

(In the following table 100 is taken as the normal base for 1913)

| | Jan. 1913 | Dec. 1919 | Percentage of Increase |
|-----------------------------|-----------|-----------|------------------------|
| Clothes and Clothing | 100 | 335 | 235 % |
| House Furnishings | 100 | 303 | 203 % |
| Labor and building material | 100 | 253 | 153 % |
| Farm produce | 97 | 244 | 151.5 % |
| Food | 99 | 234 | 136.3 % |
| Chemicals | 101 | 179 | 77.2 % |
| Fuel and lighting | 103 | 181 | 75.7 % |
| Metals and metal products | 107 | 169 | 58 % |

(Monthly Labor Review, Vol. X, No. 5)

On January 1, 1913, the Standard Oil Company (Indiana) was paying \$1.44 per barrel for crude delivered at the refinery at Whiting, Ind., and was selling gasoline for 14½¢ per gallon.

On December 31, 1919, the price of crude had advanced to \$3.51 per barrel, f. o. b. Whiting, and the selling price of gasoline to 21¢ per gallon.

In other words this Company is paying two and one-half times as much for crude oil as it was in 1913, but because of its more efficient refining methods it is able to sell gasoline to you for less than one-half more than was charged at that time.

(Continuing the table:)

| | | | |
|--------------------|-----|-------|--------|
| Crude Petroleum | 100 | 240 | 140 % |
| Red Crown Gasoline | 100 | 144.8 | 44.8 % |

It will be seen from the above tables that gasoline stands at the end of the list as regards price increase, and that crude petroleum stands sixth from the end, showing how effectually refining efficiency has operated in behalf of the motorist.

Every cost entering into the making of gasoline has risen immensely. The cost of crude, the cost of refining, and the cost of marketing are all greater than ever before.

The Standard Oil Company (Indiana) by superior efficiency in every process of refining and distributing has contributed in no small degree to hold the price of gasoline down to its present level. Every man in the manufacturing end of the Standard Oil Company (Indiana) is keenly alive to the pressing necessity for an increased output of gasoline at a minimum manufacturing cost.

The ideal toward which the Standard Oil Company (Indiana) is striving, is to put Red Crown, a gasoline of known, standard quality, within the reach of motorists everywhere in the Middle West, at a price so low as to make possible the free use of that 25 percent increase in automotive vehicles which is anticipated for 1920.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and snuff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

"Who the devil is J. P. M.?"

Henry smiled tolerantly upon his ignorant parent. "Well, how may J. Pierpont Morgan do for a guess?" he queried.

"Hell's bells and panther-tracks!" Mayor Poundstone started as if snake-bitten. "I should say you have hooked a big fish. Boy, you've landed a whale! Did Ogilvy say anything about future business?"

"He did. Said if I proved satisfactory, he would probably take me on and pay the customary retainer given all of their corporation attorneys."

"Well, by golly, he'd better take you on! I had a notion that chap Ogilvy was smart enough to know which side his bread is buttered on and who does the buttering."

"If I could guarantee Mr. Ogilvy that temporary franchise mentioned in his telegram, it might help me to get in right with J. P. M. at the start," his hopeful suggested.

"Guarantee it!" his father shouted. "Guarantee it! Well I should snicker! We'll just show J. P. M. and his crowd that they made no mistake when they picked you as their Sequoia legal representative. I'll call a special meeting of that little old city council of mine and jam that temporary franchise through while you'd be saying 'Jack Robinson!'"

He carefully made a copy of the telegram.

"H-m!" he grunted. "Wants to cross Water street at B and build out Front street. Well, I dare say nobody will kick over the traces at that. Nothing but warehouses and lumber-drying yards along there, anyhow. Still come to think of it, Pennington will probably raise a howl about sparks from the engines of the N. C. O. setting his lumber piles afire."

"He'll be dead against it," Henry declared. "I know, because at the Wednesday meeting of the Lumber Manufacturers' association the subject of the N. C. O. came up and Pennington made a talk against it. He said the N. C. O. ought to be discouraged, if it was a legitimate enterprise, which he doubted, because the most feasible and natural route for a road would be from Willits, Mendocino county, north to Sequoia. I tell you he's dead set against it."

"Then we won't tell him anything about it, Henry. We'll just pull off this special session of the council and forget to invite the reporters; after the job has been put over, Pennington can come around and howl all he wants. We're not letting a chance like this slip by us without grabbing a handful of the tail-feathers, Henry. No, sir—not if we know it."

"You bet!" said Henry earnestly.

At eleven-thirty Thursday morning, young Henry Poundstone, having worked the greater part of the previous night preparing the deeds, delivered both deeds and franchise to Buck Ogilvy at the latter's hotel. It was with difficulty that the latter could conceal his tremendous amazement when Henry casually handed him the franchise. True, he had slipped that fake telegram among the contracts as bait for Henry and his father, but his fondest hope, at the time he conceived the brilliant idea, was that Henry would show the telegram to his father and thus inculcate in the old gentleman a friendly feeling toward the N. C. O. not unmixed with pleasurable anticipations of the day when Henry Poundstone Junior, should be one of the most highly prized members of the legal staff of a public-service corporation.

R. A. DENNISON, of Los Angeles, owner and trainer of fine trotting horses, who says Tanlac put him right back on his feet again, after he had been in bad health for over a year. Declares he is feeling like his old self now.

"For the past year or more I have not been right physically; I just didn't feel good at all, but last April 22nd I had an awful attack with my stomach which nearly drew me up and I have been worse ever since. "About the best way I can describe the way I felt is to say I was just leg-weary and all in. I really did not have strength to keep going and I gave up all idea of trying to work. For a long while I had no appetite but would eat anyhow though my food never seemed to do me any good.

"I would go to bed at night and would sleep but apparently did not rest for I would get up just as tired as when I went to bed. I got so I could scarcely go a block but what I would have to stop and rest.

"Well, I read about Tanlac one day and that reminded me that a friend had spoken about the same medicine, so I got some and began to take it. I had been taking it about a week when one evening, after supper, I started to walk and before I realized it I had walked up to First Street and back, about 14 blocks, and never felt it at all and then I realized that the tonic was helping me.

"I have taken four bottles now and am just feeling real good again. I am able to be back at the Exposition Stock Yards every day and have just as much energy as I ever had. I get up refreshed in the mornings now and I have a real appetite which makes me enjoy three good square meals every day. Anyone who needs a good tonic will certainly be satisfied with Tanlac and I am glad to recommend it to my friends."

The above statement was made recently by R. A. Dennison, a well-known owner and trainer of fine trotting horses, residing at No. 214 East 8th St., Los Angeles, Cal. Mr. Dennison has lived in California for 32 years; he is 63 years of age and has followed his present line of business for 30 years. He is well-known on the Pacific coast.

Tanlac is sold in Seymour at Maxon's Pharmacy, in Crothersville by C. W. Taulman, and in Brownstown by Chas. Brock.

PLANS MADE FOR MEMORIAL PARADE

Members of American Legion, Fraternal Orders and Boy Scouts to
March Sunday Afternoon.

ADDRESS BY REV. T. C. SMITH

G. A. R. and W. R. C. Members Will

Be Taken to Riverview Cemetery
in Automobiles.

Stanley Switzer, chairman of the committee having charge of the Memorial Day arrangements, has announced the plans for the annual parade to Riverview Cemetery. This year the American Legion is in practically full charge of the arrangements. The Rev. T. C. Smith, a member of the G. A. R., will deliver the Memorial Day address at the cemetery.

The parade will form at the corner of Second and Chestnut streets at 2 o'clock Sunday afternoon. The American Legion, fraternal orders, Boy Scouts and other organizations participating in the ceremony will meet at their respective halls at 1:30 o'clock so that the procession may be formed promptly at the appointed hour. The bugler for the American Legion will give the assembly call when the units are to meet at the intersection of Chestnut and Second streets.

The American Legion will constitute its own unit under its officers. Claude Carter will be marshal of the day for the fraternal organizations and Boy Scouts. The procession will be headed by the Seymour Concert Band, Adolph Steinwedel director.

The members of the G. A. R. and W. R. C. will be taken to the cemetery early in the afternoon in automobiles provided by the Rotary Club. The machines are expected to be at the Post Hall in the Masonic Temple at 1:30 o'clock. The veterans and the Relief Corps will meet the procession at the cemetery gate and

will proceed to the grave of the late John A. Weaver, last deceased member of the Ellsworth post where the G. A. R. memorial day ritual will be said.

Following the service the crowd will assemble around the flag pole for the address of the day which will be delivered by the Rev. T. C. Smith, a member of the G. A. R. The procession will then form again and march to the city.

Here is a delicious BREAD dainty

It contains the nutriment and food value of bread itself combined with a flavor all its own. Made with STAR Bread—the incomparable loaf—Arme Ritter is irresistible.

ARME RITTER

- | | |
|--------------------------|----------------------------|
| 1 lb. stale bread slices | Powdered cinnamon to taste |
| 1 egg | 1 cup milk |
| 2 tablespoons sugar | Preserves |

Cut slices of Stale Bread into large squares, cutting bread rather thick and removing crusts. Beat the egg in a small saucepan, add sugar, milk and cinnamon to taste, and stir over fire until it thickens; do not let it boil.

Dip each slice of bread into this custard; when well soaked, lift out and fry in hot fat till light brown in color. Serve at once as the slices lose their crispness if exposed to the air for any length of time.

Some preserves, placed on a little heap on each slice will add a delightful flavor.

Serve Arme Ritter made with STAR Bread today and receive the applause of your entire family
